

LET'S BEGIN FROM OUR BEGINNING

It all started in 2019—with just 30 students and a simple mission: to make student living hassle-free, comfortable, and community-driven.

Fast forward to today, ReStay has grown into a thriving network of student accommodations with 1000+ beds across Gujarat, powered by a passionate team of 30+ dedicated professionals.

And we're just getting started. With every new property, we're building something bigger, better, and bolder. We hope the next one is in partnership with you

FOCUS ON THE FUTURE, WE'LL HANDLE THE REST

As your trusted partner, we're here to simplify the everyday. From meals and housekeeping to maintenance and security, we take care of it all—so you can focus on shaping the future of your students, while we ensure their present is comfortable, safe, and stress-free.

LET YOUR STUDENTS DECIDE WHAT'S ON THE MENU

With the ReStay Living Resident App, students can personalise their meals from a diverse, locally-inspired menu, all at their fingertips. And once they've had a bite, they can instantly share their feedback through the app, helping us refine every dish to their tastes. It's food that listens, improves, and satisfies.

SATISFACTION, SERVED DAILY

We understand student tastes can be ever-changing that's why we serve meals designed to impress. With high-quality ingredients, carefully curated recipes, and just-right portions, we turn everyday dining into something they'll actually look forward to. As their plates empty, so will the complaints about mess food.

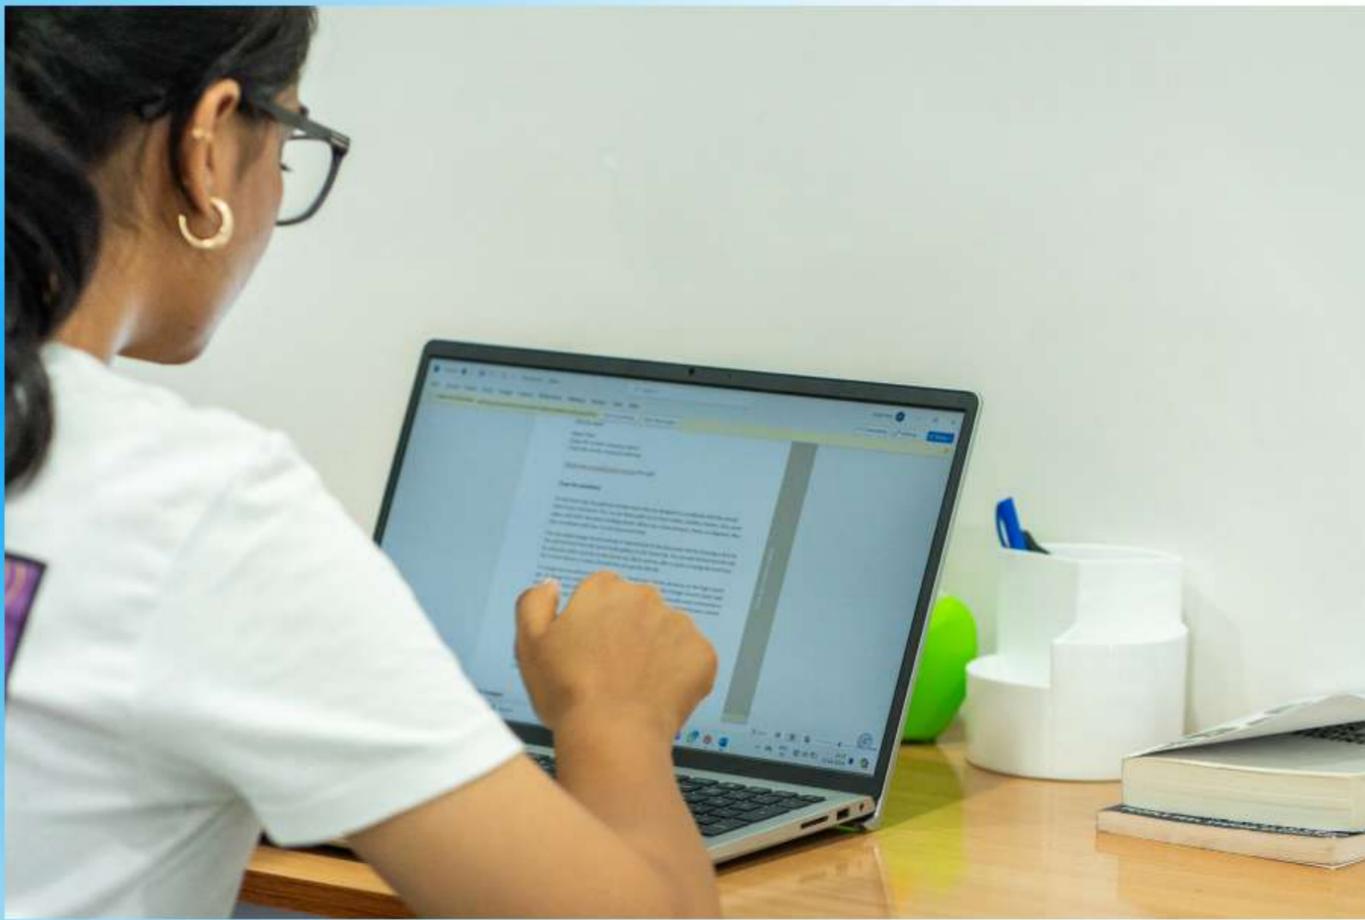

WE'LL HANDLE THE MESS, SO THE STUDENTS DON'T HAVE TO

Let's face it — tidiness isn't always top of mind for college students. That's where we come in. With our expert housekeeping team and the convenience of on-demand cleaning via the ReStay Living Resident App, every corner of your hostel stays spotless. So students can focus on being students, while we keep their space inspection-ready.

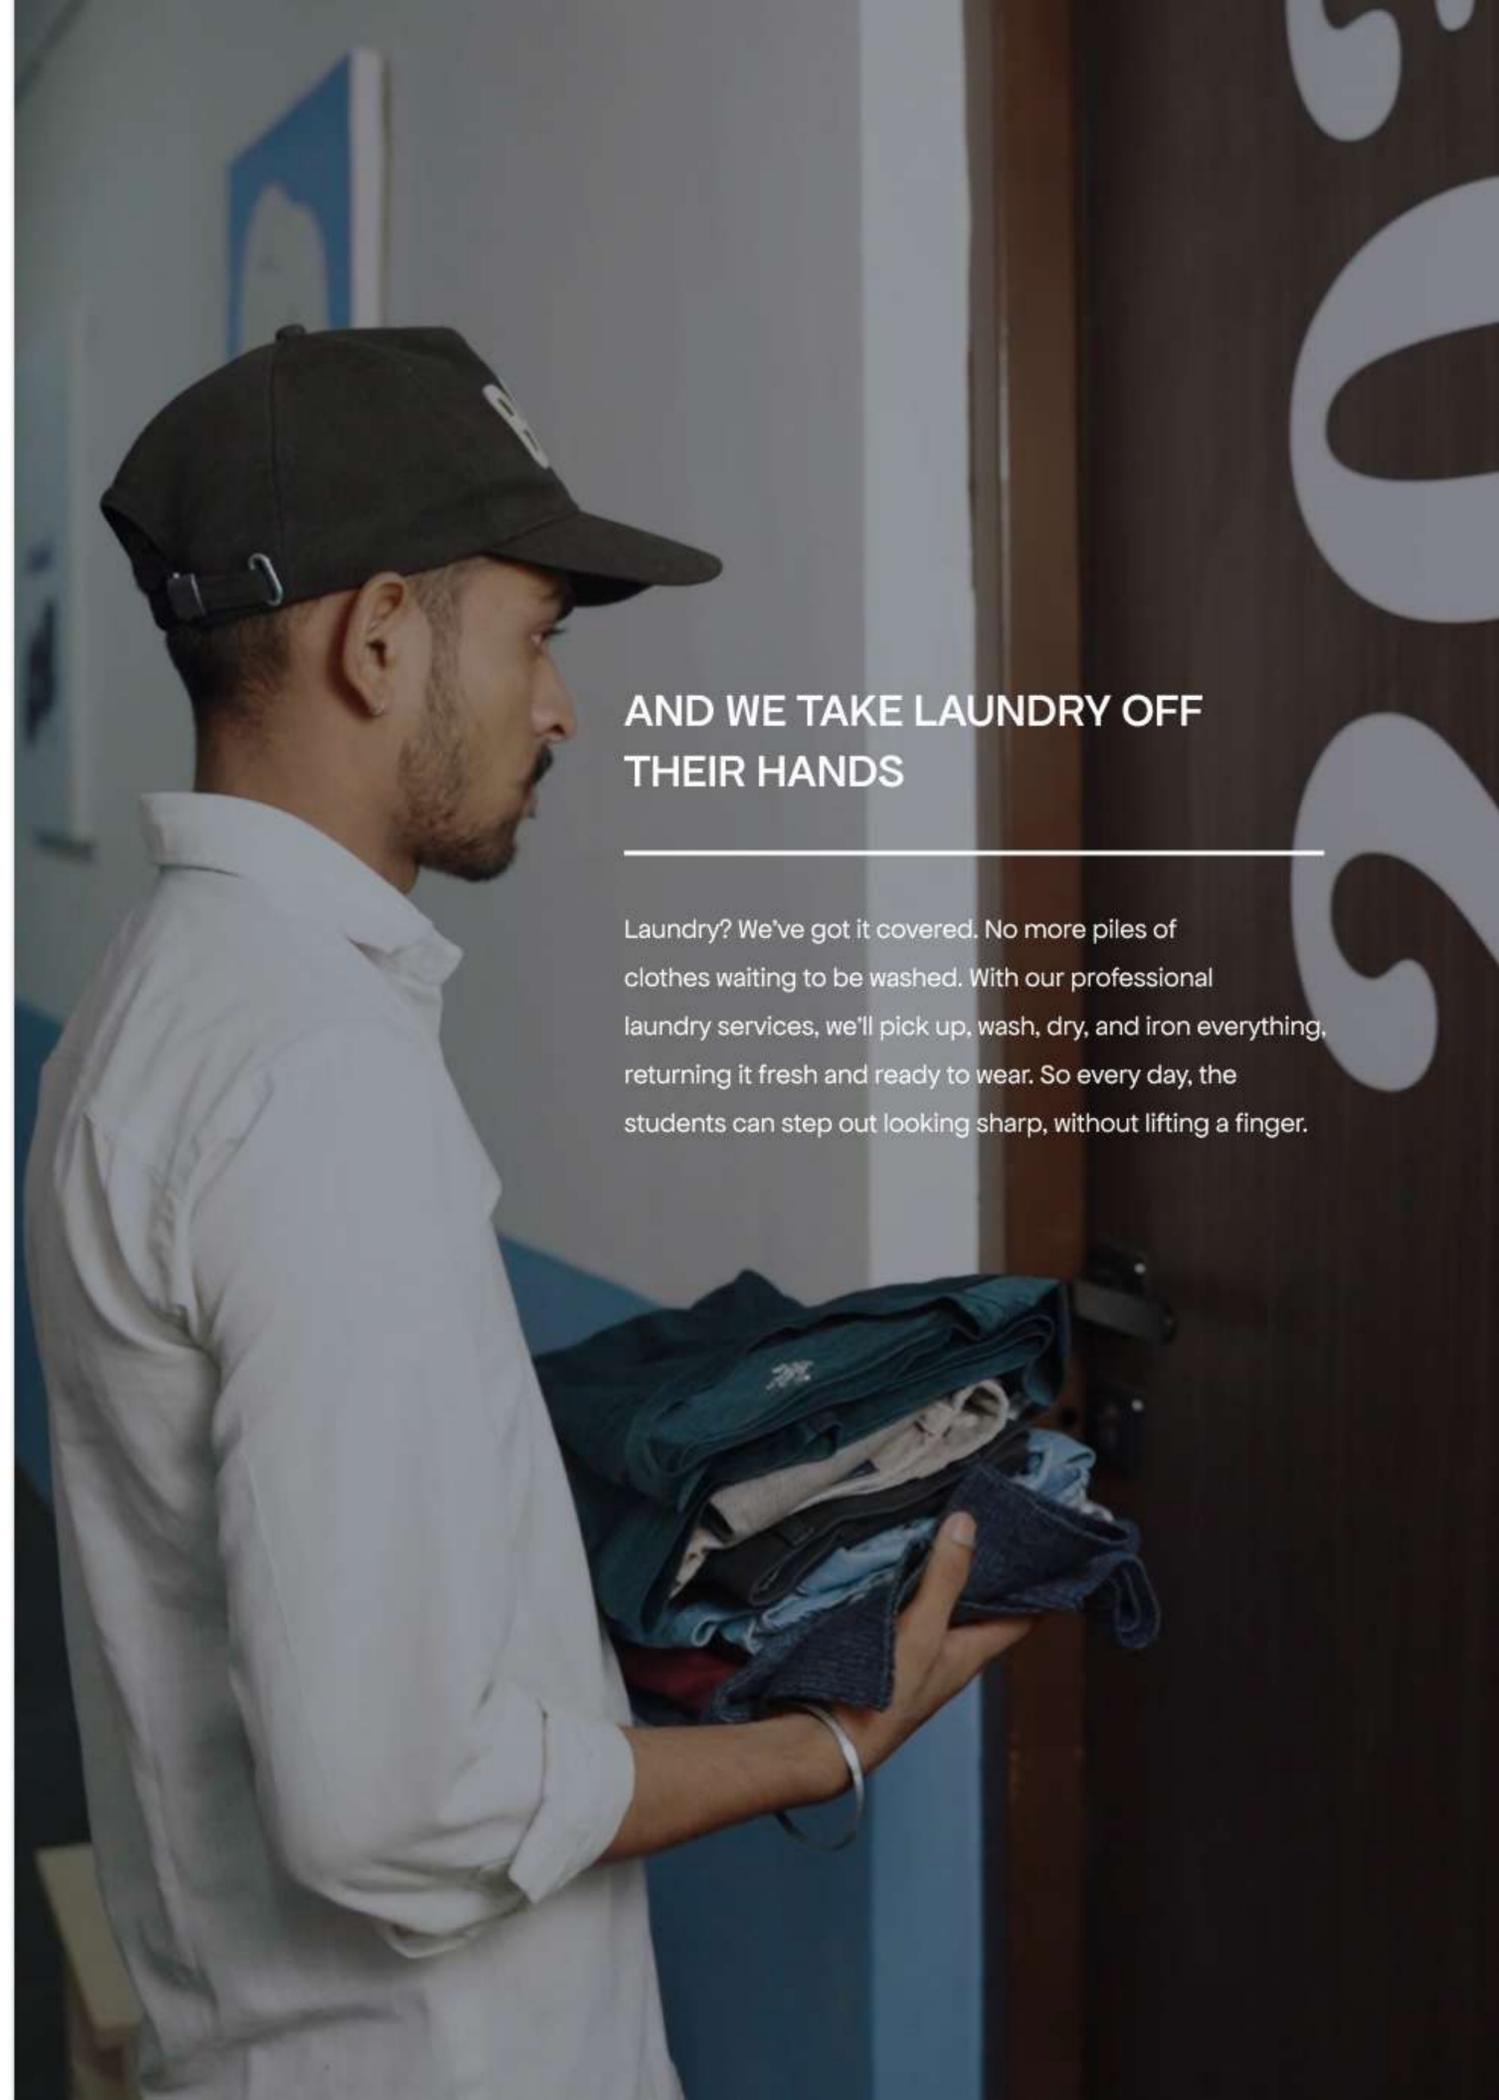

ALWAYS ON. ALWAYS SORTED.

Wobbly chairs, leaky taps, flickering bulbs — we've seen it all. And fixed it all. With our swift online issue-reporting system and a top-notch Repairs & Maintenance team, most problems are solved within 24 hours — often before anyone even complains. So while the occasional glitch is inevitable, it won't stay that way for long.

SAY GOODBYE TO SLOW INTERNET FOREVER

Lag? Not on our watch. Every Stanza Living residence is powered by high-speed, industry-grade internet — and your hostel will be no different. Because in today's always-online world, buffering just isn't an option for the students.

AND WE TAKE LAUNDRY OFF THEIR HANDS

Laundry? We've got it covered. No more piles of clothes waiting to be washed. With our professional laundry services, we'll pick up, wash, dry, and iron everything, returning it fresh and ready to wear. So every day, the students can step out looking sharp, without lifting a finger.

LET'S MAKE EVERY COLLEGE DAY UNFORGETTABLE

You want your students to take more than just a degree away from their college experience, and so do we. That's why we've created a one-of-a-kind community engagement programme, packed with skill-building workshops, movie nights, game tournaments, and unforgettable events. It's the perfect way to bring excitement and energy to your students' hostel life.

AND MAKE EVERYDAY LIFE EASIER

With us as your partner, student living goes beyond the hostel walls. From an in-house café to on-demand scooter and bike rentals, and even more services coming soon, we offer a one-stop solution for all your students' everyday needs. Convenience, at their fingertips.

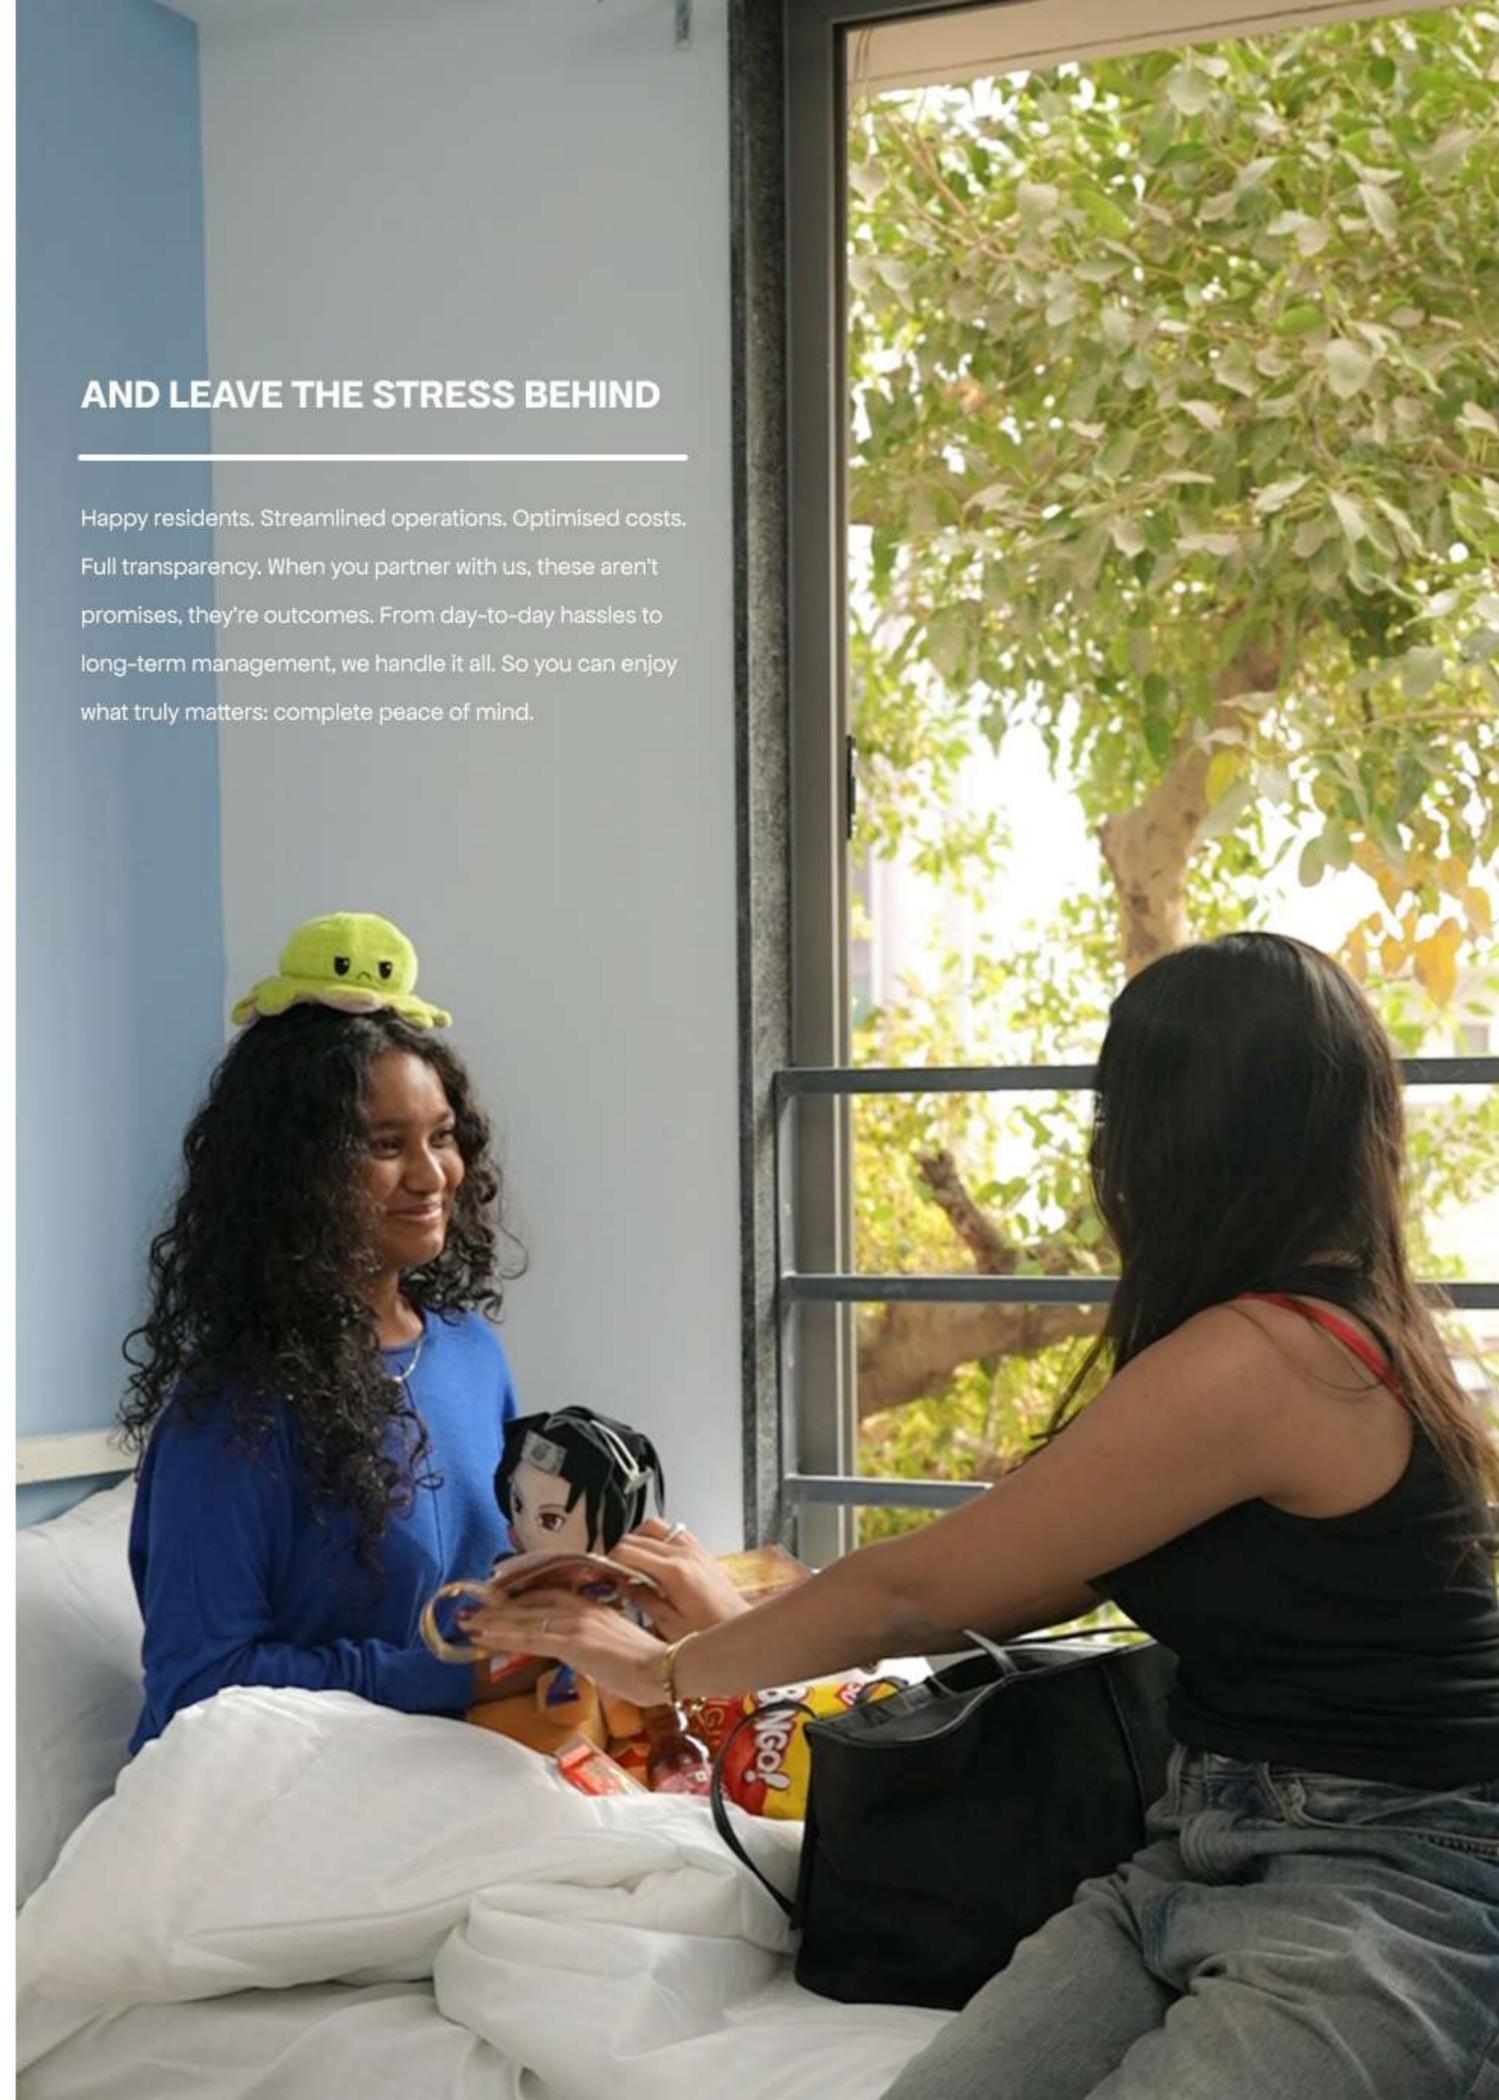

BRINGING NEXT-GEN STUDENT LIVING TO YOUR CAMPUS

Today's students expect more than just a bed and a study table — they seek comfort, community, and convenience. That's where we come in. With our tech-enabled, future-ready living experience, you're not just upgrading accommodation, you're transforming student lifestyles.

AND LEAVE THE STRESS BEHIND

Happy residents. Streamlined operations. Optimised costs. Full transparency. When you partner with us, these aren't promises, they're outcomes. From day-to-day hassles to long-term management, we handle it all. So you can enjoy what truly matters: complete peace of mind.

HEAR IT FROM THE HOSTELLERS

If the hostel was good earlier, now it's no less than awesome. When ReStay Living took over, almost overnight the food got tastier, the place became cleaner, and everything's just easier with the app. My friends in other hostels are actually jealous.

• **Raghav Sharma**

Our college has always had a solid reputation. And now the hostel lives up to it too. For once, we actually look forward to the mess food. The staff's super professional, and the app makes life so much simpler.

• **Dhruv Patel**

I'd heard horror stories about hostels from my cousins. But this one? It's the total opposite. ReStay Living has levelled up everything, hygiene, safety, comfort. And honestly, the food doesn't even taste like hostel food.

• **Ananya Verma**

Being a hosteller has always been something to be proud of. But ever since ReStay came in, that pride's gone next level. Cleaner rooms, better food, more fun activities. Earlier, day-scholars respected us. Now they're a little jealous too.
